Miss Fannie Wilson Dear Annie
I will answer your letter after
making some other few lines here
and all will happen to find you
at the same point it is the
driest time and hard I over
run Fannie I haven't much
to write Fannie I want you
to tell me what a hunt the crops
and I want to know just
as soon as you can write
if crops are good then I
and Fannie will be there just
as quick as cotton will do
to help Fannie here
and tell me about the
crops I expect we will
go to Benning I had
rather come and there if
there is good crops if you
can hear of any and writing
to have a good looking day
tell them about me we are
going same where you write just
as soon as you get this letter
Fannie tell and how much
